It's easier than ever to save with SingleCare!

Use these FREE cards whenever you fill a prescription.

These SingleCare pharmacy savings cards entitle you to up to 80% off 10,000+ prescription medications. The cards are pre-activated and ready for immediate use exclusively at all Longs Drugs[®] and CVS Pharmacy[®] locations - including those at Target.

SingleCare cards work *whether you have health insurance or not*, and our prices often beat an insurance copay.

Using SingleCare is easy: just show one of our cards to the pharmacist when you fill your next prescription. Savings are automatically applied at checkout.

Keep one card for yourself and share one with a friend or family member!

SingleCare is not insurance. There are no claim forms, deductibles, limitations, or maximums. SingleCare can be used by anyone. No one is excluded from this program for any reason.

Sincerely,

Mary Davidson - Program Director
